- Accurate – To ensure things are correct such as information, measurements, or predictions.

Links to:

Prior learning:

The children explored Hieroglyphic images and experiment with printing techniques. The children was taught a range of printing techniques.

Future learning:

The children will develop their own individual style when creating a collage.

By the end of this unit

All children can: use water colours to add a foreground and background to painting..

Most children can: demonstrate how to choose sketching pencil and explain what technique they used to add an effect.

Some children can: demonstrate and explain using key vocabulary the method, tools and the technique they used to create their collage.

Background understanding for teachers and parents:

The children are to sketch the vases and use water colours to paint them. The children need to think carefully about the shapes, sizes, colour, the background and foreground. The children are to use sketching pencils. Finally, the children are going to create a collage.

Curriculum Driver (one):

Communication

Evidence outcome:

The children will be explaining their own work and comparing to others using key vocabulary.
